

# TIMBER

# TALK

VOLUME: 17

ISSUE: 1

JANUARY 1992

EDITOR: Garry Braunwarth - Box 17, Site 9, RR 5 - Calgary, Alberta T2P 2G6 Canada

## CAWMC OFFICERS:

President: Pat White  
Vice-President: Earl Salterio  
Secretary-Treasurer: Al Munro  
Past-President and Chairman of the  
Board of Governors: Norm Belsten  
Elected Members of The Board of Governors:  
Garry Braunwarth, Russ Brown, Stan Clute,  
Gary Littrell, Neil Probert, Don Robb

## APPOINTED POSITIONS:

Editor: Garry Braunwarth  
Membership Chairman: Don Robb  
Fund Raiser: Garry Braunwarth  
Auction Coordinator: Al Munro

DUES: Dues in The Canadian Association of Wooden Money Collectors is only \$10.00 per calendar year. Please send your payment to our Membership Chairman: Don Robb, P. O. Box 724, Waterloo, Ontario N2J 4C2 Canada. Have you renewed your membership for 1992???? If not why not send your \$10.00 today to Don. We do not like to lose members. If you know of someone who might like to join, why not suggest it to them. Also, if you know of someone who might like to receive a sample copy of Timber Talk, just send their name and address to the Editor.

MAIL AUCTION: Remember that the deadline for receiving bids is March 31, 1992. The auction was printed in the November issue.

HAPPY BIRTHDAY: January 30th marks the 93rd Birthday of one of our strongest supporters - Walter Loudon. Happy Birthday to our good friend Walter!

WOOD: I know this sounds like a broken record, but we could sure use a donation of wood to be distributed in Timber Talk. It is nice to receive 200, but any amount - even 5 or 10 or 50 are appreciated. The smaller lots will be thrown into a grab bag and each member will still receive a wood, but not necessarily the same one. I know of a donation of 200 on its way and will probably be sent out next issue.

ATLANTIC WOOD FOR SALE: Did you see Don Robb's article in the last issue of Timber Talk? In it he advertises one lot of 445 Atlantic woods. The estimated value is \$1,100.00 with a minimum bid of \$600.00 being entertained. A full listing of the wood is available from Don for \$2.00 to cover costs. (See address above under the 'DUES' heading.)

FREE WOOD OF THE MONTH: Once in awhile we receive a considerable number of woods and over the course of years they may be sent out more than once to the members, or to some members. Such is the case this month thanks to a kind donation from Alf Wrigley who donated a number of Ed Heilman's wood from Saskatchewan. Both sides are black. Thanks Alf.

# MY WOODEN NICKEL'S WORTH ..... by Lou Vest

On a recent visit to the Agnes Jamieson Gallery in Minden, Ontario, I spied a box of wooden nickels by the door. A little sign above the box had on it the most favourite two words of every collector, "Take one". I immediately translated those two words into MY favourite two words, "Help yourself". The wood is pictured at right and the following information is gleaned from a brochure issued by the gallery.

Dr. Agnes Jamieson graduated from the University of Toronto Medical School and in 1935 took over a practice in the Minden/Haliburton area. She was truly a pioneer doctor, having to make calls in conditions unheard of today. In winter, she travelled to her patients by horse drawn cutter, hence the sled shown on the wooden nickel. In 1942 Dr. Jamieson was named the first woman coroner in the Province of Ontario. She left the Minden area in 1956 to practice in other communities in the province, returning to Minden to retire in 1972. Dr. Jamieson was very interested in art and was herself an accomplished artist. She played a prominent role in the establishment of the gallery and for this, her fellow workers named the gallery in her honour. Dr. Agnes Jamieson passed away on January 15, 1983, at the age of seventy-five.

\*\*\*\*\*

Ed. Note: Lou apologizes for the dark reproduction of the wood in the above article, but it was the best he could come up with. This is the last article from Lou in the file, but Lou is good at keeping them coming - so stay tuned for more in the future. Just in case you can't read the wood it does read: "ANSON HINDON MINDEN".

WOOD FOR SALE: I received a note from Mel Boone, 2711 Golan Ave. S. W., Calgary, Alta. T3E 7A7 Canada that indicated that whild Mel was living in P.E.I. he had a wood produced. There were only 100 made in 1986 and most were sold locally. They depict a RCAF Roundel and a Tracker aircraft on one side and a map of the Island on the other. They are printed in red and blue and are numbered. Mel has a few left which he will sell for \$4.00 each postpaid. One is pictured below.

SCOOP LEWRY: Finally we have an address for Scoop. I have been trying for months to track him down and mail his past issues of Timber Talk. All of a sudden I had three sources for his address! Scoop is now at: Scoop Lewry, 1315 - 6th Avenue N.W., Moose Jaw, Saskatchewan S6N 4A9. Welcome back into the active fold Scoop.

UNLISTED WOOD? While Al Munro (alias 'The Digger') was out in B. C. recently he met with a number of collectors, one of them being Ralph Burry. Although Ralph sold his wood collection a few years ago, he still knows alot about them. Two woods that Al came back with are pictured below. The one on the left is uniface and varnished. The one on the right is printed in green and is lightly varnished. Thanks again Al!

ROBERT M. BROWN JR. REPORTS: Bob sent in an article that appeared in the PWMS Knothole News that he wrote. It is self-explanatory.

We recently had a talk at the Harrisburg Coin Club by the Postmaster of the Highspire Post Office about the new mailing system that is now in use. After seeing the videotape of the machinery in operation sorting the mail it is not hard to see why our woods get broken. The Postmaster advised me to bring my mail to the counter and they will hand stamp any mail that I have with woods in it. This would probably be a good idea for all of our fellow wood collectors to follow.

Ed. Note: I have had the opportunity of watching the actual machinery used at the Calgary Mail Processing Plant in operation. They have more than one computer program for the equipment. First when bags of mail are received at the plant they are dumped on a conveyor belt and fed into the hopper of one machine. An operator picks out the oversized mail. Through a series of readers and belts and lots of 'u' corners the letters are all stacked facing the same way with the stamp in the upper right hand corner. These machines can 'terrorize' woods! Next the key punchers record the postal code on the envelopes. Then another machine sorts the envelopes to various destination points. Another program is inserted in the sorting machine to sort incoming mail for distribution in Calgary. Whether hand-stamping will eliminate any breakages I don't know, but it may be worth a try. Perhaps it might eliminate one pass through the 'cruncher.'

FREE ADS: Do you have wood for sale, or want a particular wood, or have wood for trade? If so, please send the information to the Editor for printing in Timber Talk. Thanks.

NEW WOOD?: Are you aware of a new wood in your area, or have you issued a wood, or has an old wood just been discovered? If so p-l-e-a-s-e send the information in so that it can be shared by all members. Your cooperation would be greatly appreciated.

**CNA WOOD:** It is not too early to start planning your 1992 CNA wood. We try to picture as many of these woods as possible. In my desk I have a number that we received during the 1989 CNA in Quebec City. Most have not been shown. I case you may have missed one (or more) we will show a number of them here. Also, some wood handed out was not strictly CNA wood, but was given out during the Convention.

Well this is another issue of Timber Talk ready to go to press. The turn around time at the printers is about 4 - 24 hours. Once I receive the next batch of Address Labels from Norm this issue will hit the mails. Happy collecting.
